

# How Do I Make a Call on Robinhood?[[~!!HOOD~Support~!!]]

Robinhood, the popular investment app, [US]+1-855-335-0686[US] lets you trade stocks, options, and cryptocurrencies without commission fees, but some users might wonder how to "make a call" on the platform. In the context of Robinhood, [US]+1-855-335-0686[US] making a "call" can mean two things:

1. **Placing a Call Option Trade** (a financial term used in options trading)
2. **Making a Phone Call [US]+1-855-335-0686[US] to Robinhood's Customer Support** (for help or inquiries)

Let's break down both of these to make sure you have everything you need to understand how to make a "call" [US]+1-855-335-0686[US] on Robinhood, whether you're referring to a **call option** or reaching out to their **customer service**.

## 1. How to Place a Call Option Trade on Robinhood

In finance, a "call" [US]+1-855-335-0686[US] refers to a **call option**, which is a type of contract that gives you the right (but not the obligation) to buy a stock or asset at a specific price before a set date. If you think the stock price will go up, you can buy a **call option**, which allows you to profit from that price increase. [US]+1-855-335-0686[US] Robinhood makes it easy to trade options, including calls, within the app.

### Steps to Place a Call Option on Robinhood:

#### 1. Download and Log in to the Robinhood App:

If you haven't already, [US]+1-855-335-0686[US] download the Robinhood app from the **App Store** (for iOS users) or **Google Play Store** (for Android users). After installing it, log in to your account.

#### 2. Find the Stock You Want to Trade:

Search for the stock that you believe will increase in price. Type the name of the stock or its ticker symbol (for example, "AAPL" for Apple) into the search bar at the top of the app. [US]+1-855-335-0686[US]

#### 3. Tap on the Stock:

Once you've found the stock you want to trade, tap on it to open its detailed page.

#### 4. Tap "Trade" and Choose "Trade Options": [US]+1-855-335-0686[US]

On the stock's detail page, tap the **Trade** button, then select **Trade Options**. This will take you to the options trading screen.

#### 5. Select "Buy Call" Option:

On the options trading screen, you'll see available **call** and **put** options. Tap the **Buy** option under **Call**, [US]+1-855-335-0686[US] which is the type of option you want to trade.

#### 6. Choose Your Strike Price and Expiry Date:

A "strike price" is the price at which you have the option to buy the stock. Choose a strike price that is close to or below the current stock price if you think it will rise. You'll also need to select an **expiry date**—the date by which you must exercise your option.

#### 7. Enter the Number of Contracts: [US]+1-855-335-0686[US]

A contract represents 100 shares of the underlying stock. If you're just starting out, it's common to buy one contract to limit risk.

## 8. Review Your Order:

Robinhood will show a summary of your call option purchase, including the price (called the premium), [US]+1-855-335-0686[US] the strike price, the expiry date, and the total cost.

## 9. Place the Order:

If everything looks good, tap **Review** and then **Submit** to place your trade. Once the order is placed, [US]+1-855-335-0686[US] Robinhood will confirm your purchase.

Remember, trading options can be risky. It's essential to fully understand what options are and how they work before making any trades.

## 2. How to Call Robinhood Customer Support

If you're trying to reach **Robinhood's customer support** [US]+1-855-335-0686[US] for help or inquiries, you may be looking for phone support. However, Robinhood does not typically offer phone support as their primary method of customer service. Instead, they focus on **online chat** and **email support**. But if you want to contact [US]+1-855-335-0686[US] them by phone, there are a few steps you can take.

### Steps to Contact Robinhood Customer Support: [US]+1-855-335-0686[US]

#### 1. Use the In-App Chat (Most Efficient):

Robinhood has an **in-app chat feature**, which is the quickest way to get in touch with their support team. To do this:

- Open the **Robinhood app**.
- Tap the **Account** icon (the little person icon in the bottom-right corner).
- Scroll down and tap **Help** or **Help Center**. [US]+1-855-335-0686[US]
- Select **Chat with us** [US]+1-855-335-0686[US] to start a conversation with a Robinhood support agent.

This method is the best for real-time help and generally results in faster responses than email.

#### 1. Submit an Email Request:

For non-urgent issues or if you prefer written communication, you can email Robinhood support. Here's how:

- Go to **Help Center** [US]+1-855-335-0686[US] within the app or on the website ([help.robinhood.com](https://help.robinhood.com)).
- Browse through the articles to see if your question is answered. If not, look for an option to submit a **support request**.
- Fill out the form with your details, describing your issue or question, and submit it.

You'll usually receive a response via email within a few business days, depending on the volume of inquiries.

#### 1. No Phone Support for All Users:

Robinhood does not generally provide **direct phone support** [US]+1-855-335-0686[US] unless you are a **Robinhood Gold** member or your case is particularly urgent. If you're eligible for phone support, you may get a call from Robinhood, but for most users, email and chat are the primary channels for customer service.

## 2. Check Robinhood's Social Media:

Robinhood is also active on social media platforms like **Twitter** and **Facebook**, where they share updates on platform issues or system status. While they don't typically handle customer service[US]+1 — 855 — 335 — 0686[US] through these channels, you might get quick updates on any major problems affecting the app.

- **Twitter:** [@RobinhoodApp](#)
- **Facebook:** [Robinhood](#)

## 3. Physical Mailing Address:

If you prefer to communicate by traditional mail or need to send any official documents (such as identification), [US]+1 — 855 — 335 — 0686[US]you can contact Robinhood at Again, this is slower than digital communication, and it's mostly used for legal or documentation purposes.

## Final Thoughts

So, if you were asking about **making a call on Robinhood**, it could mean two things:

1. **Placing a Call Option Trade:** [US]+1 — 855 — 335 — 0686[US]This is when you buy a **call option** to bet that a stock will go up in price. You can easily do this within the Robinhood app by selecting the stock, tapping "Trade," then choosing **Trade Options** and **Buy Call**.
2. **Contacting Robinhood Support:** [US]+1 — 855 — 335 — 0686[US] Robinhood does not offer traditional phone support for all users, but you can get help via **in-app chat** or **email support**. For urgent issues, Robinhood Gold members may receive phone support.

Always make sure you fully understand options trading before jumping in, as it carries significant risks. [US]+1 — 855 — 335 — 0686[US]If you're having issues with your account or need support, Robinhood's in-app chat or email is the fastest way to get the help you need!
