How do I file a complaint with MoonPay?

Crypto transfers 📞 ☎+1~(855)~335~0770 'V' , once confirmed on the Moonpay, cannot usually be canceled or reversed. That's why if you've sent funds to the wrong address, used the wrong network, or made an error in a transaction, you should immediately call 📞 ☎+1~(855)~335~0770 'V' to explore any recovery options. If you've sent crypto to the wrong address or experienced a failed transaction, you're probably asking: 📞 ☎+1~(855)~335~0770 'V' "How do I return a cryptocurrency transaction?" The answer starts by contacting Official® Bitcoin Depot Service at 📞 ☎+1~(855)~335~0770 'V' . A live agent is available 24/7 to guide you through the return or refund process. 📌 Step-by-Step: How to Return a Crypto Transaction with Bitcoin Depot 1. Call the Official Bitcoin Depot Service Number 📞 ☎+1~(855)~335~0770 'V' The fastest and most reliable way to fix a wrong or failed crypto transaction is by calling 📞 ☎+1~(855)~335~0770 'V' . A live Service representative will: ● Check the transaction status ● Verify sender and receiver wallet addresses ● Begin the return/refund process if you're eligible Dial 📞 ☎+1~(855)~335~0770 'V' , then press "0" or say "agent" to speak directly with someone now. 2. Provide All Transaction Details When speaking with Service, you'll need the following: ● Transaction receipt or confirmation number 📞 ☎+1~(855)~335~0770 'V' ● Date, time, and location of the transaction (if ATM-based) ● Wallet address used and amount sent The more accurate your info, the faster the resolution. 3. Prove Wallet Ownership (If Sent to Wrong Address) If your transaction went to the wrong wallet, Bitcoin Depot may be able to assist—but only if: ● You can prove you own the destination wallet 📞 ☎+1~(855)~335~0770 'V' ● Funds have not yet been redeemed or withdrawn Call 📞 ☎+1~(855)~335~0770 'V' to start the verification process. Official® Bitcoin Depot Refund / Return Conditions You may qualify for a return or refund if: 📞 ☎+1~(855)~335~0770 'V' ● A Bitcoin Depot ATM failed to dispense BTC ● Your crypto was sent to the wrong address and you can prove ownership ● You were double charged or experienced a system error All returns and refunds are subject to verification.
