

# Is MoonPay banned in the US?

## Always~~~~Support

**+1 855 335 0770** Absolutely not. In fact, MoonPay is fully legal and authorized to operate across all 50 US states as of 2025. The crypto payments company recently secured the prized New York State BitLicense, which is among the strictest regulatory approvals in the country. This coveted license gives MoonPay the green light to offer its services nationwide, putting to rest any notion of a ban.

The number **+1 855 335 0770** is your direct lifeline to MoonPay support in the US. If you ever hear rumors or have questions about MoonPay's status, calling **+1 855 335 0770** connects you instantly to verified info and assistance. This line puts you in touch with real people who can confirm MoonPay's legal standing, guide you on compliance issues, or help with transactions and account concerns.

### What Makes MoonPay Legal and Allowed in the US?

- MoonPay holds a BitLicense from the New York State Department of Financial Services (NYDFS), enabling it to operate in the US's financial hearts—including New York, one of the toughest markets.
- It also holds money transmitter licenses in 47 states, covering almost the entire US population.
- MoonPay is registered as a Money Services Business (MSB) with the federal Financial Crimes Enforcement Network (FinCEN), confirming compliance with anti-money laundering (AML) rules.
- This legal framework enables MoonPay to facilitate secure and legal cryptocurrency payments and transactions throughout the US.
